ALLIANCE CITY COUNCIL

REGULAR MEETING, TUESDAY, JANUARY 21, 2025

STATE OF NEBRASKA)
)
COUNTY OF BOX BUTTE) §
)
CITY OF ALLIANCE)

The Alliance City Council met in a Regular Meeting, January 21, 2025 at 7:00 p.m. in the Alliance Learning Center Community Meeting Room, 1750 Sweetwater Avenue. A notice of meeting was published in the Alliance Times Herald on January 15, 2025. The notice stated the date, hour and place of the meeting, that the meeting was open to the public, and that an agenda of the meeting, kept continuously current, was available for public inspection at the office of the City Clerk in City Hall; provided the Council could modify the agenda at the meeting if it determined an emergency so required. A similar notice, together with a copy of the agenda, also had been provided to each of the City Council Members. An agenda, kept continuously current, was available for public inspection at the office of the City Clerk during regular business hours from the publication of the notice to the time of the meeting.

Mayor McGhehey opened the January 21, 2025 regular meeting of the Alliance, Nebraska City Council at 7:00 p.m. Present were Mayor McGhehey, Vice Mayor Mashburn and Council Members Weisgerber, Liptack, and Turman. Also present were City Manager Sorensen, City Treasurer Baker, City Attorney Selzer and City Clerk Pitt.

- Mayor McGhehey read the Open Meetings Act Announcement.
- Council Proclaimed the week of January 26th – February 1st as National Lutheran Schools Week.

The Immanuel Evangelica Lutheran School was in attendance to receive the proclamation for National Lutheran Schools Week. Vice Mayor Mashburn read the following proclamation:

PROCLAMATION

WHEREAS, teaching the young in full-time Lutheran schools has been an integral part of the heritage and the life of the Lutheran Church-Missouri Synod from its 1847 beginning; and

WHEREAS, Congregations of the Lutheran Church-Missouri Synod maintain the largest Protestants school system in the United States, enrolling over 160,000 students in over 1,800 preschools, elementary, secondary schools, and college, served by over 21,000 teachers and professors with a support system of over 6,000 congregations; and

January 21, 2025

WHEREAS, The purpose and mission of Lutheran schools is to equip children, young adults, and their parents to prepare for service and leadership in Lutheran congregations; and

WHEREAS, Graduates of Lutheran schools have gone on to distinguish themselves through service and leadership in community, government and the church; and

WHEREAS, Immanuel Evangelical Lutheran School has been in existence since 2014 and is located at 1312 E. 10th Street with an enrollment of approximately 120 students; and

WHEREAS, During the week of January 26 – February 1, 2025, there will be several activities with student involvement in recognition of National Lutheran Schools Week;

NOW, THEREFORE, the City Council of Alliance, Nebraska, does hereby proclaim:

The week of January 26 – February 1, 2025 as:

NATIONAL LUTHERAN SCHOOLS WEEK

In the City of Alliance, Nebraska, and urge all citizens to recognize Lutheran Schools for their commitment to proclaim the Gospel to children, young people, and their parents, and for their commitment to excellence in quality Christian education.

IN WITNESS WHEREOF, I have hereunto set my hand and caused the Great Seal of the City of Alliance to be affixed on this 21st day of January in the year of the Lord Two Thousand Twenty-Five.

- A motion was made by Councilman Turman, seconded by Councilman Liptack to move Item I. Resolution No. 25-14 – Jelinek Custom Cleaning LB840 on the agenda to Item B.

Roll call vote with the following results:

Voting Aye: Weisgerber, Liptack, Turman, Mashburn and McGhehey.

Voting Nay: None.

Motion carried.

Council now had before them was Resolution No. 25-14 which will approve the Jelinek Custom Cleaning for Economic Development Assistance in the amount of \$250,000. The following information was provided:

[RESOLUTION – JELINEK CUSTOM CLEANING ECONOMIC DEVELOPMENT ASSISTANCE LOAN

Jelinek Custom Cleaning has applied for an Economic Development Assistance loan from the City's Economic Development Program. The Applicant is expanding its edible bean processing facility near Alliance. The proceeds of the Loan will be

January 21, 2025

used primarily for a new warehouse for storage. The City Economic Development Application Review Committee has reviewed the application and recommended a loan of \$250,000.00, with interest at the Federal Mid-Term Rate, payable over 5 years. The Applicant is eligible for job credits to be applied to the note for up to 6 full time employees residing within 50 miles of Alliance. The job credits are generally equal to \$2,000.00 per full time employee, per year with the maximum annual job credit of \$12,000.00 and the maximum total job credit of \$60,000.00. The Resolution approves the loan and authorizes the City Manager and Finance Director to issue and administer the loan.

RECOMMENDATION: APPROVE THE RESOLUTION FOR ECONOMIC DEVELOPMENT ASSISTANCE TO JELINEK CUSTOM CLEANING.]

A motion was made by Vice Mayor Mashburn, seconded by Councilman Turman to approve Resolution No. 25-14. Which follows in its entirety:

RESOLUTION NO. 25-14

Roll call vote with the following results:

Voting Aye: Mashburn, Turman, Liptack, Weisgerber and McGhehey.

Voting Nay: None.

Motion carried.

- The next item on the agenda for Council was Ordinance No. 2994, which will accept and amend the City of Alliance Municipal Code Section 2-132 regarding the General Employee's Retirement Committee. The following information was provided:

[ORDINANCE – RETIREMENT COMMITTEE]

Request: Update Ordinance Governing Employee Representative Selection for Retirement Committees

The City of Alliance Municipal Code currently outlines the process by which employee representatives are selected for the General, Police, and Fire Retirement Committees. Under the existing system, the City Clerk is required to conduct a secret ballot election and certify the results to the City Council. However, no laws or policies mandate the use of a secret ballot for these elections.

The proposed change would allow the City Clerk to manage elections using a fair, transparent, and efficient method while maintaining integrity in the selection process. For example, the process could begin by soliciting volunteers to serve on the committee, followed by notifying the employee group being represented (General, Police, or Fire) and providing a timeframe for objections. The City Council will be updated with retirement committee membership changes.

Section (e) regarding compensation is also being updated to reflect statutory language in the Firefighters Retirement Plan to allow reimbursement for expenses under certain circumstances. This language was also incorporated into both the General and Police Ordinance. (Neb. Rev. Stat. 16-1035).

January 21, 2025

With the anticipated onboarding of a new Retirement Advisor in 2025, it is crucial for the Retirement Committees to be fully staffed and ready to fulfill their roles. Adopting this change would streamline the election process and help ensure vacant positions are filled promptly, enabling the committees to operate as intended.

RECOMMENDATION: APPROVE THE ORDINANCES REVISING THE PROCESS FOR SELECTING RETIREMENT COMMITTEE MEMBERS ON FIRST READING.]

A motion was made by Councilman Weisgerber, seconded by Vice Mayor Mashburn to approve the first reading of Ordinance No. 2994. City Clerk Pitt read the ordinance by title which follows in its entirety:

ORDINANCE NO. 2994

AN ORDINANCE OF THE CITY OF ALLIANCE, NEBRASKA AMENDING ALLIANCE MUNICIPAL CODE SECTION 2-132 REGARDING THE GENERAL EMPLOYEE'S RETIREMENT COMMITTEE TO PROVIDE FOR THE CITY COUNCIL DESIGNEES TO BE THE CITY MANAGER AND CITY TREASURER, TO CHANGE THE METHOD OF ELECTION OF MEMBERS OF THE COMMITTEE FROM SECRET BALLOT TO A FAIR AND TRANSPARENT METHOD, TO CHANGE THE TERMS OF MEMBERS FROM THREE TO FOUR YEARS, AND TO PROVIDE FOR REIMBURSEMENT OF COMMITTEE MEMBERS FOR THEIR ACTUAL AND NECESSARY EXPENSES INCURRED IN CARRYING OUT THEIR DUTIES, SUBJECT TO CITY COUNCIL APPROVAL; REPEALING EXISTING PROVISIONS OF THE CITY CODE NOT CONSISTENT WITH THIS ORDINANCE; AND PROVIDING FOR AN EFFECTIVE DATE.

BE IT ORDAINED BY THE MAYOR AND CITY COUNCIL OF THE CITY OF ALLIANCE, NEBRASKA:

SECTION 1. Section 2-132 of the Alliance Municipal Code is amended to read as follows:

Sec. 2-132. - General employee's retirement committee.

(a) *General purpose.* There is established a general employees' retirement committee which shall supervise the general operation of the general employee's retirement system.

(b) *Members.* The retirement committee established shall consist of members from both the general city employees and designees of the city council. The committee shall consist of six members, of which four members shall be selected by general city employees, and shall not be from the same department. The employee representative must be a participant in the general employee's retirement fund. Administration shall be represented by the city manager and city treasurer. The plan administrator will be a non-voting member.

(c) *Elections.* Election of members shall be conducted by the city clerk in a fair and transparent method. The city clerk will inform the city council of retirement committee membership changes.

January 21, 2025

(d) *Term.* Employee members shall be appointed to four year terms. Vacancies shall be filled by a person with the same representation as his predecessor.

(e) *Compensation.* Members of the retirement committee shall receive no separate salary, but subject to approval by the city council, shall be reimbursed for their actual and necessary expenses incurred in carrying out their duties.

(f) *Duties.* The retirement committee shall be established to supervise the general operation of the plan; provided, however, the city shall be responsible for the general administration of the plan except for such specific administrative functions that are delegated, by ordinance or plan document, to the retirement committee. It shall be the duty of the retirement committee to:

(1) Provide each employee a summary of plan eligibility requirements and benefit provisions;

(2) Provide, within thirty days after a request is made by a participant, a statement describing the amount of benefits such participant is eligible to receive; and

(3) Make available for review an annual report of the retirement system's operations describing both the amount of contributions to the retirement system from both employee and employer sources and an identification of the total assets of the retirement system.

SECTION 2. All ordinances, parts of ordinances, resolutions, and policies of the City of Alliance in conflict with this ordinance are hereby repealed.

SECTION 3. This ordinance shall be in full force and effect from and after its approval, passage, and publication according to law.

- The next item on the agenda for Council was Resolution No. 25-11 which will recommend to the Department of Transportation that Contour Airlines provide the Essential Air Service at the Alliance Municipal Airport. Contour Airlines will provide airline services for four years beginning June 1, 2025, if approved by the Department of Transportation. The following information was provided:

[RESOLUTION -AIRLINE RECOMMENDATION

The Department of Transportation solicited proposals from carriers to provide Essential Air Service at Alliance and/or Chadron on October 22, 2024. The current contract with Denver Air Connection expires on May 31, 2025 and a new contract period begins June 1, 2025. The Department of Transportation received seven proposals from four carriers:

- Denver Air Connection
- Boutique Air
- Contour Airlines

- SkyWest Airlines

In an effort to ensure a comprehensive evaluation during the airline selection process, a core group of ten individuals was assembled to analyze both airline proposals and Alliance community priorities. This group is a diverse collection of individuals selected to represent frequent flyers, small businesses, local industry, and leaders in our community. This group updated the priority list of criteria that was developed in 2015. The updated priority list consisted of the following seven categories with the top of the list being the highest priority:

1. Reliability/Overnight of aircraft
2. Schedule
3. Pricing
4. Simplicity (codeshare, ticket and baggage etc)
5. Communication or responsiveness of the airline
6. Baggage Space
7. Marketing/Tourism/Economic Impact

The airport's air service consultant, Mike Mooney, supplied a list of questions for each carrier, provided a proposal comparison and compared load factor data of all airlines. Alliance invited all airline carriers to come for a visit or meet via zoom meeting as a part of the evaluation process. Each carrier was given time to make a presentation and answer questions from the group.

Boutique Air is based in San Francisco, California. Boutique utilizes an eight-seat, modern, pressurized PC-12 aircraft. Boutique Air has offered the community two different bid options to consider. One bid with service to Denver hub similar to what was provided by them in the past. The other option would be a two-hub approach with service to Denver and Omaha. Boutique does have a ticket and baggage agreement with United. Boutique Air is not currently operating out of Denver. While the Omaha option is interesting, it does not outweigh the concern about Boutique's reliability, on-time performance, and baggage room constraints.

Denver Air Connection (DAC) is based in Englewood, Colorado. Denver Air Connection submitted three different bids for Alliance to consider. The first two choices will continue to fly a Metroliner-23, which is a 9-seat pressurized twin-engine turboprop. DAC did configure this plane with nine seats offering first-class legroom and a cargo bay that can accommodate all of our passengers' luggage. The difference in the two Metroliner-23 bids is one offers an increase in the number of flights operated 8 months out of the year. That option will add an additional flight on Tuesday and Wednesday, giving Alliance 14 roundtrips per week. Denver Air Connection has multiple pricing tiers with the Metroliner-23 with the lowest being \$59 and

January 21, 2025

a refundable ticket at \$109. The schedule may be able to be improved by moving the morning flight departure to 30 minutes earlier than its current scheduled time. The final choice is 12 roundtrips per week with a 30-seat and 50-seat jet aircraft. This option could start with current infrastructure but would require a change of class for the Alliance airport. With increased enplanements improvements would be needed. Pricing would start at \$99. The schedule may be able to remain the same for departure times out of Alliance but would likely require final daily departure time out of Denver to be earlier.

All DAC bid options include baggage fees that were added in October for checked bags and are \$15 for the first, \$20 for the second, and \$25 for the third bag. No fees are charged for carry-on or personal items. Denver Air Connection has a ticket and baggage agreement with United, American and Delta. All Denver Air Connection options include the aircraft overnighing in Alliance and are for two, three, or four years of service.

Denver Air Connection currently has been servicing Alliance since 2019. Alliance has experienced a 99.6% completion rate, an 85% on-time performance rate in 2024, and increased enplanements with Denver Air Connection. DAC is the most reliable EAS carrier in the country with an annual flight completion rate of just over 99%. SkyWest and Contour typically complete about 98% of their flights annually. Most cancelled flights related to Alliance are due to extreme weather in either Alliance or Denver.

SkyWest Airlines is based in St. George, Utah and is the largest regional airline in the United States and the largest Essential Air Service carrier. SkyWest utilizes a 50-seat regional jet. SkyWest is currently operating in Scottsbluff, North Platte and Kearney, Nebraska. SkyWest has offered Alliance 12 roundtrips per week with a 50 seat jet aircraft, but the aircraft will come from Denver and not overnight in Alliance. SkyWest has many years' experiences and an outstanding record of growing traffic. The pricing and scheduling would be similar to Scottsbluff with the earliest flight departing around 10:00 a.m. SkyWest service would require certain airport infrastructure improvements along with Alliance changing their class of airport.

Contour Airlines is based in Smyrna, Tennessee and is the second largest Essential Air Service carrier in the United States. Contour submitted a bid for 12 roundtrips with a 30-seat jet aircraft with the aircraft overnighing in Alliance. The carrier will begin operating out of Denver in May of this year. Contour has different pricing tiers with the lowest being \$59 and increasing after that. A personal item, carry-on, and first checked bag are free. The second checked bag would be \$25 fee. The schedule could have a 6:00 a.m. -7:00 a.m. departure from Alliance depending on what time the

departures needed to be out of Denver for the evening. Contour has ticket and baggage agreements with United, American, Alaska and Airlines. This option would not require a class change for the airport and could start with current infrastructure. As enplanements increase, improvements would be needed.

Contour's jet service is being offered to Alliance operating as a combined FAA Part 135 regulations with the DOT Part 380 Public Charter regulations. Airline operations in the United States are governed by two sets of FAA regulations and two sets of DOT regulations. For FAA, Part 121 regulations govern 50-seat and larger regional jet operations. FAA Part 135 regulations govern smaller scheduled service operations, typically 9-seat but also including 30-seat under select circumstances. The primary difference between Part 123 and Part 135 is pilot qualification requirements, less for Part 135, more for Part 121. For DOT, most airline operations are governed by DOT scheduled service regulations. However, charter flights are governed by a regulation set called Public Charter regulations. Public Charter regulations are more flexible, as they are designed for ad hoc or occasional charter operations.

Contour is one of three domestic carriers that operate daily scheduled service with 30-seat regional jets. They combined the FAA Part 135 regulations with the DOT Part 380 Public Charter regulations. This enables them to offer 30-seat regional jet service in EAS cities without the higher standard Part 121 pilot qualifications. This works well for them with the ongoing pilot shortages. More than 100 regional jets are operated daily by these three airlines under this combined regulation set. 23 of the 111 EAS cities in the nation (21 %) have service provided by FAA Part 135/DOT Part 380 service.

Contour Airlines' bid proposal was submitted under the Alternate Essential Air Service program, while all other bids were as regular Essential Air Service. The main difference in the two programs is this:

- Alternate EAS the contract with the airline is with the City of Alliance instead of the Department of Transportation.
- Alternate EAS requires the City of Alliance to pay the airline directly and be reimbursed by DOT. This reimbursement takes place within 30 days of submittal to the DOT.

Jet service is an exciting growth opportunity for the airport as it provides not only the potential for increased passenger traffic but increased employment opportunities. Bringing jet service into a community has proven time and time again to increase enplanements. This number can not be precisely quantified due to the unknown nature of the number of people unwilling to travel on smaller aircraft. Increased enplanements can also

January 21, 2025

increase the annual Airport Improvement Funding levels the airport receives every year through the FAA. While jet service is exciting it comes with the need for improved infrastructure and a possible class change of the airport. With current passenger levels, Alliance is experiencing some parking limitations, so expansion of the current concrete may need to be considered. In addition, the terminal check point is adequate for the 9-seat flights right now, but additional room would be necessary in the future. The terminal has multiple options for reconfiguring the current layout to improve the checkpoint issue. Additional staff, whether TSA, Airline, or airport personnel could create more than just a checkpoint issue. The space constraint of the checkpoint can be worked around until a long-term solution is explored.

This final recommendation has been the most difficult decision regarding airline selection to date. This decision is basically coming down to do we want to grow the airport or maintain what we have. For the selection committee, the answer is growth.

Once that was decided, the committee had to evaluate the growth opportunities presented along with the other criteria from the priority list. The recommendation to City Council is Contour Airlines. Contour Airlines will allow passenger growth while providing the airport the opportunity to manage the challenges of jet service. The schedule and pricing will be close to or better than what we currently have. Pricing and scheduling is out of the airport's control and can change from what has been presented. The class of the airport can remain the same, which will give the airport a chance to explore options for increasing ARFF coverage outside of normal business hours.

The selection committee recognizes that Denver Air Connection has done a great job growing passenger traffic but there is a cap to what we can achieve with a 9-seat operation with the number of flights we are receiving. The next steps in the process are:

- City Council will decide on the recommendation to the Department of Transportation.
- Airport Director will submit the letter of recommendation to DOT by the February 5th comment deadline.
- Department of Transportation makes the final decision for airline service in Alliance, City Council is only making a recommendation not a final decision.

**RECOMMENDATION: APPROVE THE RESOLUTION
RECOMMENDING CONTOUR AIRLINES BID FOR FOUR
YEARS TO THE DEPARTMENT OF TRANSPORTATION FOR
ALTERNATE ESSENTIAL AIR SERVICE AT ALLIANCE.]**

January 21, 2025

A motion was made by Councilman Weisgerber, seconded by Vice Mayor Mashburn to approve Resolution No. 24-11. Which follows in its entirety:

RESOLUTION NO. 25-11

WHEREAS, The City of Alliance owns and operates the Alliance Municipal Airport which provides commercial air service; and

WHEREAS, The Department of Transportation has solicited proposals from carriers to provide Essential Air Service to Alliance, Nebraska; and

WHEREAS, Our current carrier's contract to provide Essential Air Service ends May 31, 2025; and

WHEREAS, Four carriers submitted proposals which were evaluated and rated by our Airport Manager and individuals interested in the commercial air service provided to Alliance; and

WHEREAS, Based on the evaluations and interviews with the four carriers the group is recommending the selection of Contour Airlines to the Department of Transportation to provide Essential Air Service for Alliance.

NOW, THEREFORE, BE IT RESOLVED by the Mayor and Council of the City of Alliance, Nebraska, that Contour Airlines be recommended to the Department of Transportation to provide Essential Air Service to the Alliance Municipal Airport.

Airport Director Placek gave an overview and process of selection of the Airline Services.

Earl Jones, 808 Cheyenne Avenue Alliance, Nebraska, came before Council with his thoughts of selecting a new Airline Services.

Tim Richie, 688 Newberry Street Alliance, Nebraska, came before Council stressing he did not like the language of the pilots of the proposed Airline Service of Contour. Mr. Richie stated he has great luck with current Airline Services of Denver Connect and does not want to lose out on reliability for his Company.

Connie Kirschner, 2829 Lakefield Avenue Alliance, Nebraska, asked if other cities who have used or currently use Contour Airline Services have been contacted for references.

Mariah Pedersen, 907 Laramie Avenue Alliance, Nebraska, came before stating her thoughts and concerns about changing from our current Airline Services.

January 21, 2025

Hannah Robinson, 114 W 8th Street Alliance, Nebraska, wanted to come forward and state that the Airport Director and fellow board members involved in the selection process have done a wonderful job.

- The next item on the agenda for Council was Resolution No. 25-12 which will accept and enter into agreement with WSKF Architecture for the preliminary design services of a new Public Safety Center, which will not exceed the amount of \$100,000. The following information was provided:

[RESOLUTION – Approve entering into contract negotiations with WSKF for preliminary design services for a new Public Safety Center]

Following approval of the 2024-2025 Budget, staff began drafting a request for proposals (RFP) for preliminary design services for a new public safety center. This RFP was advertised from the latter part of October into the first part of November 2024 and resulted in seven (7) design firms submitting a response.

RFP responses were reviewed and scored independently by Troy Shoemaker, Fire/EMS Chief, David Leavitt, Police Chief, and Seth Sorensen, City Manager. Scores were then averaged and ranked, resulting in three companies that exhibited substantial experience with this type of project, with several hundred similar projects completed amongst them. The top three firms: BKV Group, Davis Design, and WSKF Architecture all had extremely close scores following this process and it was decided to request Zoom meeting interviews to differentiate between the firms for best fit for the project.

Interviews were held the third full week of December 2024, with all three reviewers attending. Following these interviews, it was determined that WSKF was the most qualified and best fit for our project for their past projects, communication skills, and team member experience. WSKF is located in Kansas City, Kansas and would complete this work through a combination of remote and on-site visits, working with staff and presenting to the public as necessary.

It is requested of the City Council to authorize the City Manager to enter into negotiations with WSKF for the purposes of establishing a final scope of work, cost and subsequent contract, which will come back to the City Council for final approval. The council approved the sum of \$100,000 for this project. Staff will work with WSKF to ensure that costs stay within this budgeted amount, and it is

January 21, 2025

desirable that the final scope will include site selection, rough floorplan, 3D renderings, and estimated opinion of probable costs for the final project. This information will then be used to go to the public to determine the level of support for moving forward with the anticipated project.

RECOMMENDATION: Approve entering into contract negotiations with WSKF for preliminary design services for a new Public Safety Center]

A motion was made by Councilman Turman, seconded by Vice Mayor Mashburn to approve Resolution No. 25-12. Which follows in its entirety:

RESOLUTION NO. 25-12

WHEREAS, The City of Alliance operates the Alliance Police Department and the Alliance Fire Department; and

WHEREAS, The Police Department and Fire Department are a vital asset to the City of Alliance for the safety and well-being of the community; and

WHEREAS, The City put out an RFP in November 2024 for proposals for preliminary design services for a new public safety center; and

WHEREAS, There were seven design firms that responded and submitted proposals; and

WHEREAS, The proposal were reviewed and scored independently by the Fire Chief, Police Chief and City Manager, then averaged and ranked; and

WHEREAS, Interviews were conducted on the top three design firms to determine the most qualified and best fit firm.

WHEREAS, After interviews City Staff has determined that WSKF Architecture is the best fit firm for the preliminary design services.

WHEREAS, The City Manager requests that the City Council enter into an agreement with WSKF Architecture for the preliminary design services for a Public Safety Center to not exceed One Hundred Thousand and NO/100s Dollars (\$100,000).

NOW, THEREFORE, BE IT RESOLVED, by the Mayor and City Council of Alliance, Nebraska, the City Manager is authorized to enter into a contract negotiations with WSKF Architecture.

- The next item on the agenda for Council was Resolution No. 25-13 which will accept and award Farris Engineering the contract to perform the Alternate Feed Line Feasibility Study. The following information was provided:

[ALTERNATE ELECTRIC FEED LINE FEASIBILITY STUDY

The largest concern with the City of Alliance electric system is the fact that there is only one transmission source feeding the whole system. Currently the only source is located on west 10th street. In the event of a major catastrophe, and we were to lose this one source, our entire electric grid would be left de-energized. Looking at the “big” picture, a second alternate feed source would be extremely beneficial to maintain our system’s reliability and resilience. Included in the ’25 budget were funds to have a study performed and a recommendation on where/how to secure and locate an alternate feed source. The study will look into the feasibility and costs associated with an alternate source.

In October of 2024 an RFP was put out asking for proposals. We received one proposal from Farris Engineering. Several reference checks were performed, and staff believes that Farris Engineering will perform the study accurately and economically. Farris Engineering has entered a proposal for \$232,180.00 to perform this study. It is staff’s recommendation to accept the proposal from Farris Engineering and award a contract in the amount of \$232,180.00 for an Alternate Electric Feed Line Feasibility Study. The budgeted funds were in GL # 05-51-54-53-948 Rural Rebuilds

Narrative

February 4, 2025

RESOLUTION - APPROVE PURCHASE OF NEW APX NEXT PORTABLE RADIOS.

The Alliance Police Department is requesting approval to purchase new portable radios at a cost of \$176,236.25. Our current capital budget has an allocation of \$180,000.00 for radio purchases. APD will be purchasing the APX NEXT radio solution from Motorola, the state's approved radio vendor. APX NEXT is Motorola Solutions' next-generation P25 platform purpose-built for first responders to access and act on information while maintaining focus in critical situations. Across all aspects of the radio experience – deployment, operation, maintenance, and evolution – APX NEXT brings critical advancements to usability and performance. Equipped with broadband, LTE, Wi-Fi, Bluetooth 5.0, and GPS capabilities, APX NEXT extends future-ready performance, applications, and full interoperability to the field and control room to transform accurate data into smarter action.

Currently, the APD operates on a non-public safety radio system, leaving us unable to communicate with other first responders. The APX NEXT radios will enable us to communicate with the Box Butte County Sheriff's Office, Alliance Fire Department, Nebraska State Patrol and agencies across the state via the statewide radio network. These radios will have statewide coverage thanks to the AT&T FirstNet network which provides seamless coverage across the state. The Alliance Police Department requests approval of this radio purchase based on the attached quote.

These radios will be charged to the Police operations budget, Line Item: Capital Outlay Mach., Equip. 01-31-32-59-950.

RECOMMENDATION: APPROVE THE PURCHASE OF NEW APX NEXT PORTABLE RADIOS.

RESOLUTION NO. 25-15

WHEREAS, The City of Alliance Police Department is requesting to purchase new portable radios; and

WHEREAS, The Alliance Police Department received a quote of APX NEXT radio solution from Motorola in the amount of \$176,236.25; and

WHEREAS, The Alliance Police Department currently operates on a non-public safety radio system, leaving them unable to communicate with other first responders; and

WHEREAS, The Alliance City Council finds it in the best interest of the Alliance Police Department to purchase new portable radios to enable them to communicate with the Box Butte County Sheriff's Office, Alliance Fire Department, Nebraska State Patrol and agencies across the state network.

NOW, THEREFORE, BE IT RESOLVED, by the Mayor and Council of the City of Alliance, Nebraska, authorizes the purchase of new portable radios, in the total amount of One Hundred Seventy-Six Thousand Two Hundred Thirty-Six and 25/100ths.

BE IT FURTHER RESOLVED, that the purchase of new portable radios be funded as follows: \$176,236.25 from GL # 01-31-32-59-950 Capital Outlay Mach., Equip.

PASSED AND APPROVED this 4th day of February, 2025.

APX NEXT RADIO SOLUTIONS

Overview

APX NEXT is Motorola Solutions' next-generation P25 platform purpose-built for first responders to access and act on information while maintaining focus in critical situations. Across all aspects of the radio experience—deployment, operation, maintenance, and evolution—APX NEXT brings critical advancements to usability and performance. Equipped with broadband, LTE, Wi-Fi, Bluetooth 5.0, and GPS capabilities, APX NEXT extends future-ready performance, applications, and full interoperability to the field and control room to transform accurate data into smarter action.

Key benefits of the APX NEXT include the following:

- **SmartTouch Experience** – Easier operation centered around a redefined 3.6" impact resistant touch display and shallow menu hierarchy. This cleaner and more intuitive visual layout increases the usability of the APX NEXT radio and helps users find the information they need without pause or distraction.
- **Ruggedized, Ergonomic Design** – Increased personnel safety and efficiency with an improved T-Grip ergonomic design, full-color top display, and tactile knobs for efficient use in emergency situations. Patented touch technology enables for reliable gloved use, while also making the screen immune to false actuations from water, snow, ice, or debris. The APX Next device meets the same MIL standards for ruggedization achieved by Motorola Solutions' APX platform radios.
- **Easy Fleet Management** – Easier and quicker radio provisioning, remote software updates, and streamlined management reduce downtime and support control center staff. Motorola Solutions' Device Management Services (DMS) maximize the effectiveness of APX NEXT, reducing maintenance risk, workload, and total cost of ownership. DMS brings RadioCentral (RC) programming to APX NEXT, as well, supporting faster provisioning and deployment to get devices in the hands of responders and out into the field.
- **Secure Communications** – Hardened End-to-End security allows only authorized units in the system to listen to transmissions. Real-time security provides seamless protection from the device and data in transit to the cloud and the LMR system

Evolving with Applications Services

APX NEXT Application Services enhance device capabilities and improve user experience. These applications are subscription-based offerings for easier optimization and scaling to meet evolving needs.

APX N70 PORTABLE RADIO SOLUTION DESCRIPTION

OVERVIEW

The APX N70 offers affordable, next generation communications for without compromising P25 interoperability or voice and data quality. It offers a durable design with “pick-up-and-go” functionality, optimizing ease-of-use and focused communications in almost all environments.

DURABLE AND EASY TO USE

The APX N70 enhances operations with a full color transfective glass display with touch technology for easy operation with gloves on. The touchscreen includes a high velocity user interface with large touch targets, shallow menu hierarchy, home screen information at a glance, and access to integrated apps. Additionally, the N70 offers extended battery life, a shorter antenna, and Bluetooth compatibility with audio accessories, promoting efficient communications between first responders.

ESSENTIAL AND SECURE P25 COMMUNICATIONS

The APX N70 is certified compliant with P25 standards and supports digital and analog trunking, FDMA and TDMA, and Integrated Voice and Data. P25 communications over the N70 are safe and secure—it offers software and hardware encryption, single- and multi key encryption, and P25 Authentication, protecting communications during daily operations.

Reliable Connectivity

Using the APX N70 lets first responders stay connected across disparate networks. It can be equipped with LTE, Wi-Fi®, Bluetooth®, and GPS features, bringing future-ready applications, services, and best-in-class connectivity to everyday users. APX N70 radios support 7/800 MHz frequency bands across radio systems with minimal intervention by the radio user.

Managing and Provisioning Devices

APN N70 provides users greater awareness and faster radio management through Customer Programming Software (“CPS”), Radio Management (“RM”), or the Radio Central programming. These tools transform accurate data into smarter action by enabling dispatchers and network managers to keep radios in the field, make informed operational decisions, and, above all, protect first responders' focus and safety.

Customer Programming Service

CPS is a proprietary, Windows-based application used to configure APX subscriber radios in offline situations. The CPS application offers drag-and-drop, clone-wizard, and basic import/export functions that allow for the addition of new

software and feature enhancements. APX N radios can be programmed one-at-a-time on a local PC, via secure USB port connection, with TLS-PSK based encryption. Once loaded, subscriber radios are read, and edited, and copdeplugs and templates can be saved and duplicated to program other fleet radios.

Radio Management

Batch Programming is available through the RM software for simultaneous programming and upgrading throughout the radio fleet. With Batch Programming, up to 16 radios can be programmed at once over a Wi-Fi connection. This reduces programming time and ensures that the radio fleet is always up-to-date and ready-to-use in the field.

Device Management Services

Device Management Services ("DMS") packages provide programming, management, and maintenance services to maximize the effectiveness of this APX N70 solution, while reducing maintenance risk, workload, and total cost of ownership. DMS tackles a range of customer needs, whether the solution is self-maintained or managed by Motorola Solutions.

Using Motorola Solutions' cloud-based Radio Central Programming, APX N70 supports faster provisioning and deployment to get devices in the hands of first responders and out into the field. Parameters such as talk groups, interface options, and security keys can be programmed remotely within minutes. The DMS package provides access to batch programming with Radio Central Programming or one-at-a-time basic programming with Customer Programming Service, described below.

Radio Central

Radio Central Programming streamlines the APX N70 out-of-the-box experience with a few simple steps. Users will power on the device and view a boot-up animation. Status bar icons on the front display indicate when a connection is made and an update download is initiated. If the APN N70 device is being started for the first time, a "peek-in" device management notification will indicate that the default configuration is detected. When the update download is complete, the device reboots and installs the update. When the install is complete, the device goes back to the full home screen and notifies the user that the update is complete. From power on to provisioning, the process takes less than a minute. For Encryption and Authentication users, a KVL needs to be connected to the radio to use those services.

APX N70 also features Touchless Key Provisioning ("TKP"), leveraging Radio Central and Key Management Facility to add encryption keys remotely. This streamlined, one-time process reduces the time and effort spent enabling encryption. TKP delivers the initial encryption keys to APN N70 radios. Users can provision encryption on one radio or on batches of radios, further speeding up the encryption process for radio fleets.

The figure below illustrates APX N70's faster provisioning process.

APX N-SERIES DEVICE MANAGEMENT SERVICES - ESSENTIAL STATEMENT OF WORK

OVERVIEW

Device Management Services ("DMS") efficiently maintains the Customer's device fleet while helping to keep devices up-to-date and fully operational in the field.

DMS Essential services provide basic hardware and software support.

This Statement of Work ("SOW"), including all of its subsections and attachments is an integral part of the applicable agreement ("Agreement") between Motorola Solutions, Inc. ("Motorola Solutions") and Customer ("Customer").

In the event of a conflict between the terms and conditions of the Agreement and the terms and conditions of this SOW, this SOW will control as to the inconsistency only. The SOW applies to the device specifically named in the Agreement.

HARDWARE REPAIR

Hardware Repair provides repair coverage for internal and external device components that do not work in accordance with published specifications. Repair services are performed at a Motorola Solutions-operated or supervised facility. The device will be repaired to bring it to compliance with its specifications, as published by Motorola Solutions at the time of delivery of the original device.

For malfunctioning devices that must be replaced, Motorola Solutions will attempt to read the codeplugs from those devices. If successful, Motorola Solutions will load the codeplug to any replacement devices. If not, Motorola Solutions will load a factory codeplug, and the Customer will need to load the previous codeplug.

Motorola Solutions will load factory available firmware to any replacement devices, which may not match the Customer's firmware version.

MOTOROLA SOLUTIONS RESPONSIBILITIES

- Repair or replace malfunctioning device, as determined by Motorola Solutions.
- Complete repair or replacement with a turnaround time of five business days in-house, provided the device is delivered to the repair center by 9:00 a.m. (local repair center time). Turnaround time represents the time a product spends in the repair process, and does not include time in transit to and from the Customer's site. Business days do not include US holidays or weekends.
- If applicable, apply periodically-released device updates, in accordance with an Engineering Change Notice.
- Provide two-way air shipping when a supported Motorola Solutions electronic system, such as MyView Portal, is used to initiate a repair. A shipping label will be generated via the electronic system.

CUSTOMER RESPONSIBILITIES

- For non-contiguous renewals, Customer must provide a complete list, preferably in electronic format, of all hardware serial numbers to be covered under the Agreement to Motorola Solutions.
- Initiate device repairs, as needed.
 - When initiating a repair via a supported Motorola Solutions electronic system, label each package correctly with the shipping label and Return Material Authorization ("RMA") number generated by the electronic system.
 - When initiating a repair via paper Return Material Form ("RMF"), the RMF must be completed for each device, included in the package with the device, and shipped to the Motorola Solutions depot specified on the RMF.

- Remove any data or other information from the device that the Customer wishes to destroy or retain prior to sending the device for repair.
- If a malfunctioning device must be replaced and the Customer has loaded information for that device to Motorola Solutions' cloud environment, the Customer will need to remove the information for the malfunctioning device and add information for the replacement device to the applicable cloud environment.

LIMITATIONS AND EXCLUSIONS

The Customer will incur additional charges at the prevailing rates for any activities that are not included or are specifically excluded from this service scope, as described below. Motorola Solutions will notify the Customer and provide a quotation of any incremental charges related to such exclusions prior to completing the repair and said repair will be subject to Customer's acceptance of the quotation.

- Replacement of consumable parts or accessories, as defined by product, including but not limited to batteries, cables, and carrying cases.
- Repair of problems caused by:
 - Natural or manmade disasters, including but not limited to internal or external damage resulting from fire, theft, and floods.
 - Third-party software, accessories, or peripherals not approved in writing by Motorola Solutions for use with the device.
 - Using the device outside of the product's operational and environmental specifications, including improper handling, carelessness, or reckless use.
 - Unauthorized alterations or attempted repair, or repair by a third party.
- Non-remedial work, including but not limited to administration and operator procedures, reprogramming, and operator or user training.
- Problem determination and/or work performed to repair or resolve issues with non-covered products. For example, any hardware or software products not specifically listed on the service order form are excluded from service.
- File backup or restoration.
- Completion and test of incomplete application programming or system integration if not performed by Motorola Solutions and specifically listed as covered.
- Accidental damage, chemical or liquid damage, or other damage caused outside of normal device operating specifications, except if optional Accidental Damage Coverage was purchased.
- Cosmetic imperfections that do not affect the functionality of the device.
- Software support for unauthorized modifications or other misuse of the device software is not covered.

Motorola Solutions is not obligated to provide support for any device that has been subject to the following:

- Repaired, tampered with, altered or modified (including the unauthorized installation of any software) — except by Motorola Solutions authorized service personnel.
- Subjected to unusual physical or electrical stress, abuse, or forces or exposure beyond normal use within the specified operational and environmental parameters set forth in the applicable product specification.
- If the Customer fails to comply with the obligations contained in the Agreement, the applicable software license agreement, and Motorola Solutions terms and conditions of service.

DEVICETECHNICALSUPPORT

Motorola Solutions' Device Technical Support service provides telephone consultation for device and accessory issues. Support is delivered through the Motorola Solutions Centralized Managed Support Operations ("CMSO") organization by a staff of technical support specialists.

For Device Technical Support, Motorola Solutions will respond to calls within two (2) hours during the support days. Support hours are 7 a.m. to 7 p.m. CST Monday through Friday, excluding US holidays. In addition, Customers may

contact the Call Management Center (800-MSI-HELP) at any time (24 hours a day, seven days a week) and a Motorola Solutions representative will log a technical request in Motorola Solutions Case Management System on the Customer's behalf.

MOTOROLA SOLUTIONS RESPONSIBILITIES

- Provide technical support for devices, assessing and troubleshooting reported issues.
- Receive and log Customer support requests, and assign a technical representative to respond to a Customer incident per the defined timeframes.

CUSTOMER RESPONSIBILITIES

- Use the provided methods to contact Motorola Solutions technical support.
- Provide sufficient information to allow Motorola Solutions technical support agents to diagnose and resolve Customer issues.
- Provide contact information for field service technicians in the event that Motorola Solutions has to follow up.

LIMITATIONS AND EXCLUSIONS

- Device support does not include Land Mobile Radio ("LMR") network, Wi-Fi, and LTE network troubleshooting.

Software Maintenance

Motorola Solutions is continually developing new features and functionality for our portfolio of public-safety-grade radios. By purchasing software maintenance, the Customer can take advantage of these firmware releases and future-proof their communications investment.

MOTOROLA SOLUTIONS RESPONSIBILITIES

- Test all firmware releases to minimize software defects.
- Announce new firmware releases and post release notes in a timely manner via MyView Portal.
- Provide firmware updates. Motorola Solutions makes no guarantees as to the frequency or timing of firmware updates.
- Provide upgrade capability through supported Programming Tools.
- Provide programming and service tools and technical support through the firmware support window.
- Provide documentation via MyView Portal with each release detailing new features, bug fixes, and any known issues.

CUSTOMER RESPONSIBILITIES

- Periodically check MyView Portal for firmware update announcements.
- Keep the radio fleet updated with firmware versions within the support window.

MyView Portal Access

MyView Portal is the single location to track the status of subscriptions and service contracts, including start and end dates. This portal includes order, RMA, and technical support ticket status, as well as a consolidated download site for software and documentation.

Outside of pre-announced maintenance periods, MyView Portal will be available on a best effort 24/7 basis. Motorola Solutions cannot guarantee the availability of Internet networks outside of our control.

Any sales transaction following Motorola's quote is based on and subject to the terms and conditions of the valid and executed written contract between Customer and Motorola (the "Underlying Agreement") that authorizes Customer to purchase equipment and/or services or license software (collectively "Products"). If no Underlying Agreement exists between Motorola and Customer, then Motorola's Standard Terms of Use and Motorola's Standard Terms and Conditions of Sales and Supply shall govern the purchase of the Products.

MOTOROLA SOLUTIONS RESPONSIBILITIES

- Provide a web accessible, secure portal to view the Customer's data.
- Provide the Customer with login credentials for the site.
- Provide end-user training for the site.
- Provide technical support to answer end user questions between the hours of 8 a.m. to 5 p.m. CST Monday through Friday, excluding US holidays.
- Keep the site updated with the latest Customer information.

CUSTOMER RESPONSIBILITIES

- Provide Motorola Solutions with contact information for administrative users.
- Administer user access.
- Provide Internet access for users to access the site.
- Attend available MyView Portal training.
- Protect login information against unauthorized use.
- Provide Motorola Solutions with updated equipment information, as needed.

RESOLUTION – WALTHER INVESTMENT, LLC ECONOMIC DEVELOPMENT ASSISTANCE LOAN

Walther Investment, LLC has applied for an Economic Development Assistance loan from the City's Economic Development Program. The Applicant is expanding its potato storage and processing facility near Alliance, Nebraska. The proceeds of the loan will be used primarily for a scale and shipping office to support the increased outbound shipments on over-the road trucks that will be now coming to Alliance. The City Economic Development Application Review Committee has reviewed the application and recommended a loan of \$200,000.00, with interest at the Federal Mid-Term Rate, payable over 7 years. The Applicant is eligible for job credits to be applied to the note for up to 8 full-time employees residing within 50 miles of Alliance. The job credits are generally equal to \$2,000.00 per full time employee, per year with the maximum annual job credit of \$16,000.00 and the maximum total job credit of \$80,000.00. The Resolution approves the loan and authorizes the City Manager and Finance Director to issue and administer the loan.

RECOMMENDATION: APPROVE THE RESOLUTION FOR ECONOMIC DEVELOPMENT ASSISTANCE TO WALTHER INVESTMENT, LLC.

RESOLUTION NO. 25-16

BE IT RESOLVED BY THE MAYOR AND CITY COUNCIL OF THE CITY OF ALLIANCE, NEBRASKA:

Recitals:

- a. The City has adopted an Economic Development Program (the “Program”) according to the Nebraska Local Option Municipal Economic Development Act.
- b. Walther Investment, LLC (the “Applicant”) has made application for assistance from the Program (the “Application”).
- c. The Administrator of the Program and the City Economic Development Application Review Committee (the “Committee”) have reviewed the Application.
- d. The Committee recommended to the City Council that a loan (the “Loan”) be made to the Applicant from the City of Alliance Economic Development Fund as provided for in the proposed Economic Development Assistance Agreement with the Applicant (the “Agreement”).

Resolved:

1. The Committee’s recommendations are approved by the City Council.
2. The Agreement between the City and Applicant as presented is approved. The City Manager is authorized to sign the Agreement on behalf of the City with any such changes and amendments to the Agreement which are consistent with the Committee’s recommendations and which the City Manager deems in the best interest of the City and the Program.
3. The City Manager and City Finance Director are authorized to take all necessary actions and sign all necessary documents to make and administer the Loan according to the terms of the Agreement.
4. This Resolution shall become effective immediately upon its adoption.

PASSED and APPROVED on this 4th day of February, 2025.

John McGhehey, Mayor

Attest:

Shelbi C. Pitt, City Clerk

Approved as to Form and Legality:

City Attorney

ECONOMIC DEVELOPMENT ASSISTANCE AGREEMENT

This Agreement is made between the City of Alliance, Nebraska (the "City") and Walther Investment, LLC, a Michigan limited liability company (the "Applicant").

Recitals:

- a. The City has adopted an Economic Development Program (the "Program") according to the Nebraska Local Option Municipal Economic Development Act.
- b. The Applicant has made application for assistance from the Program (the "Application");
- c. The Administrator of the Program and the City Economic Development Application Review Committee (the "Committee") have reviewed the Application and recommended to the City Council that a loan (the "Loan") be made to the Applicant from the City of Alliance Economic Development Fund (the "Fund") as provided for in this Agreement. The City Council has approved the Committee's recommendation.
- d. The parties enter into this Agreement to set forth terms and conditions of the Loan.

Agreement:

1. **Purpose of Loan:** The Applicant is expanding its potato storage and processing facility near Alliance, Nebraska (the "Business"). The proceeds of the Loan will be used primarily for a scale and shipping office to support the increased outbound shipments on over-the road trucks that will be now coming to Alliance.
2. **Amount of Loan:** The Loan will be in the amount of \$200,000.00 and will be disbursed from the Fund to the Applicant as provided for below. The Loan will be represented by a promissory note (the "Note") to be signed at the Loan Closing in the form acceptable to the City. The principal balance of the Note will accrue interest at the Applicable Federal Mid-Term rate for the month of the Loan Closing. The Note will be paid over 7 equal annual installments of principal and interest. The first installment will be due approximately one year after the Loan Closing and each subsequent annual installment will be due on each anniversary date of the initial installment until the Note is paid in full.
3. **Loan Disbursement and Loan Closing:** After the Applicant has satisfied the conditions of the Loan Closing, the amount of the Loan will be scheduled as a claim at the next City Council meeting for which the matter may be reasonably scheduled. The City will disburse the Loan proceeds within 10 business days after the City Council has approved a claim for the Loan. The disbursement of the Loan proceeds will constitute the "Loan Closing."

4. **Job Credits:** As long as the Applicant is not in default of the Note, this Agreement, or any other document entered into according to this Agreement, the Applicant will be eligible for credits against the balance due under the Note for Job Credits earned during a Year, subject to the following terms and conditions.

A “Year” means the 12-month period ending on each September 30.

The “Annual Job Credit” for a Year will be equal to the Applicant’s FTE’s in excess of 40 FTEs, but not to exceed 8 FTEs, multiplied by \$2,000.00.

The Annual Job Credit in a Year cannot exceed \$16,000.00 (the “Maximum Annual Credit”). The maximum Job Credits may not exceed \$80,000.00 (“Maximum Credit”).

If the Applicant earns credits in excess of the Maximum Annual Credit in any one Year, the excess credits may be carried back to one or more prior Years where the Maximum Annual Credit was not earned, as long as the Maximum Annual Credit is not exceeded for any one Year and the Maximum Credit is not exceeded. Excess credits may not be carried forward. No Job Credits may be applied after the final payment or maturity of the Note.

In order to receive the Annual Job Credit, the Applicant must file an Annual Report as provided for below. Annual Job Credits will be applied against the principal balance of the Note as prepayments, which will not alter the amount of the annual payment due under the Note. Once the Note is paid in full, no further Annual Job Credit may be earned.

5. **Employee Definitions:**

- a. “Full Time Employee” means a bona fide employee of the Applicant who (1) is classified by the Applicant as full time; (2) subject to normal and reasonable waiting periods, is eligible for the employer’s normal fringe benefit package; and (3) earns no less than 110% of the applicable minimum wage (or the equivalent for salaried employees). This normal fringe benefit package must, at the least, include a health insurance plan with coverage offered to each employee which is, if not declined, substantially paid for by the Applicant.
 - b. “Eligible Full Time Employee” means a Full Time Employee, who: (1) primarily works at the Business; and (2) resides within 50 miles of the corporate limits of the City. However, any Full Time Employee who does not reside within 50 miles of the corporate limits of the City at the time that the Full Time Employee is hired, will still considered an Eligible Full Time Employee if the Full Time Employee moves to a residence within the required geographic area within 6 months of the hiring.
 - c. “Full Time Equivalents” or “FTE’s” is determined by dividing (1) the total work hours for which Eligible Full Time Employees were paid by the Applicant in a Year by (2) 2080 hours and then rounding to the nearest tenth. The maximum work hours that can be counted for an Eligible Full Time Employee may not exceed 40 hours per week. Salaried employees are presumed to have been paid for 40 hours per week.
6. **Security:** To secure the Applicant’s obligations under the Note and this Agreement the Applicant will provide the following “Security”: a Deed of Trust, in the form approved by the City, to land owned by Applicant, which, in the opinion of the City, is of sufficient value to secure the Loan.

- 7. Representations and Warranties of the Applicant:** The Applicant represents and warrants the following, all of which will survive the Loan Closing:
- a. The Applicant is a limited liability company organized, existing, and in good standing under the laws of Michigan and authorized to do business in Nebraska. The Applicant has full power and authority to enter into this Agreement and carry out the transactions contemplated by this Agreement. The Applicant's execution, delivery and performance of this Agreement have been authorized by all necessary action on the part of the Applicant. This Agreement, and each agreement and instrument delivered by the Applicant to the City related to this Agreement is and will be the legal and binding obligation of the Applicant.
 - b. No representation or warranty made by the Applicant in this Agreement contains or will contain any untrue statement of any material fact, or omits or will fail to state any material fact known to the Applicant that are required to make the statements not misleading.
 - c. The execution and performance of this Agreement will not violate any provision of law, or conflict with, or result in any breach or default of any of the terms or conditions of any indenture, mortgage, agreement, or other instrument to which the Applicant is a party or by which they are bound.
- 8. Conditions to Loan Closing:** The City's obligation to proceed with the Loan Closing is subject to the Applicant's fulfillment of each of the following conditions at or prior to the Loan Closing:
- a. All representations and warranties of the Applicant shall be true as of the Loan Closing.
 - b. The Applicant must deliver to the City:
 - i. Evidence the Applicant is authorized to do business and in Good Standing in the State of Nebraska;
 - ii. Organizational documents and resolutions, as requested by the City, showing who has the authority to sign this Agreement, the Note, security documents, and related documents on behalf of the Applicant.
 - iii. The Security as described in Section 6.
 - c. The Applicant shall have performed its obligations, agreements, and covenants contained in this Agreement to be performed by them, on, or before the Loan Closing.
 - d. There shall have been no material adverse change in the operation or financial status of the Applicant since the Application was submitted, and the Loan Closing will constitute the Applicant's representations that there has been no such material adverse change.
 - e. In requesting the disbursement of the Loan, the Applicant is considered to have represented that the above conditions have been satisfied and are continuing to be satisfied.

- 9. Annual Reports:** To claim Annual Job Credits, the Applicant shall, within 90 days after the end of each Year, provide to the City a report in form and substance provided and required by the City which calculates the Annual Job Credit for the Year (the "Annual Report"). The City shall have the right at any time to (a) require that the Annual Reports be reviewed at the Applicant's expense by a Certified Public Accountant reasonably acceptable to the City, or (b) hire, at the City's own expense, an independent Certified Public Accountant or other business or financial expert, to review the books and records of the Applicant pertaining to the Annual Reports and any other terms and conditions as provided for in this Agreement. If after a review or audit of the Applicant's records it is discovered that the Annual Job Credit claimed on the Annual Report exceeds by 10% the Annual Job Credit as determined by the City, then the City may require the Applicant to reimburse the Fund for the actual cost of the audit.
- 10. Default:** The Applicant will be in default in this Agreement and the Note if any of the following happen:
- a. Failure to comply with any of the terms of this Agreement or the Note.
 - b. Any warranty, representation or statement made or given to the City by the Applicant proves to have been false in any material respect when made or given.
 - c. Dissolution or liquidation of the Applicant, the termination of existence, insolvency, business failure, appointment of a receiver, assignment for the benefit of creditors, or bankruptcy of the Applicant.
 - d. The Applicant ceases to conduct its Business or moves its Business without prior written notice to the City of the move.
- 11. Assignability:** The Applicant may not assign or transfer its interest in this Agreement without the consent of the City. An assignment by Applicant will include a transfer of ownership of the Applicant which results in the current owners, together, owning less than 50% of the ownership interests of the Applicant.
- 12. Confidentiality:** This Agreement and its terms are a public record and are not confidential. However, the City agrees to take reasonable steps to insure that any financial and proprietary information provided in connection with this Agreement by the Applicant will remain confidential and will not be revealed or disclosed to outside sources unless the information is public knowledge, is independently developed, or is required to be disclosed by law or legal process.
- 13. Notices:** Any notices or other communications between the parties shall be personally delivered, sent by certified or registered mail, return receipt requested, by Federal Express or similar service that records delivery, to the addresses set out below, or to such other address as a party may designate, from time to time, by written notice to the other. A notice shall be deemed effective upon receipt.

14. Miscellaneous:

- a. This Agreement constitutes the entire agreement of the parties with respect to its subject matter, and may only be modified by a writing signed by both of the parties.
- b. The City's waiver of any one default will not be a waiver of the same or any other default in the future. The City's failure to exercise any right given to it by this Agreement will not be a waiver of any later exercise of that right.
- c. The provisions of this Agreement are severable and if any provision is held to be invalid, the remainder of the Agreement will remain in effect.
- d. This Agreement may be executed in any number of counterparts.
- e. This Agreement shall be governed by the laws of Nebraska.
- f. This Agreement shall be binding on the successors and assigns of the parties.

By signing below, the parties signify their agreement to the terms of this Agreement. This Agreement shall be effective once signed by both parties.
